

Tarot and the Tree of Life: Overview

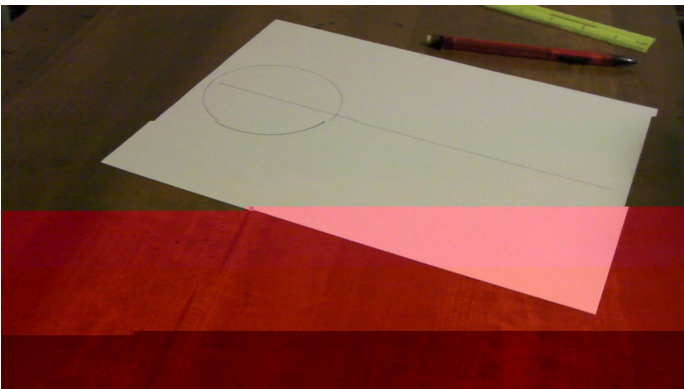

“How to Draw the Tree of Life”

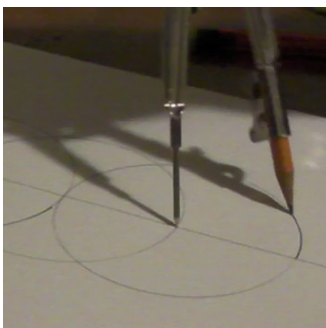

1. You'll need a sheet of paper, a ruler, a pen or pencil, and a compass.

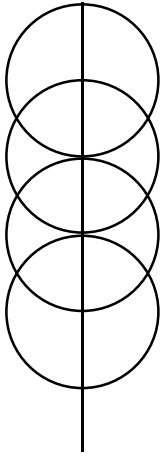

2. Draw a vertical line down the center of the page. Then set your compass to a 1 3/4 inch radius.

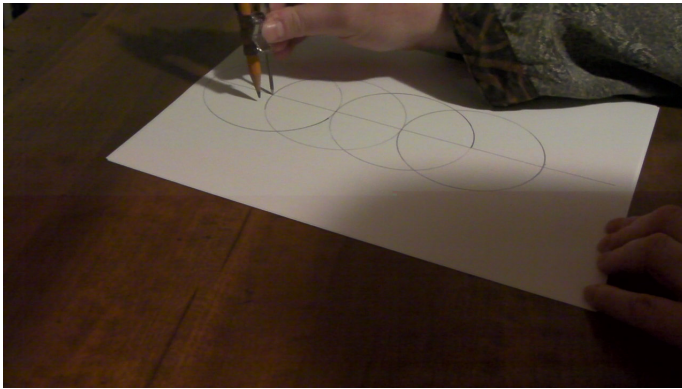

3. Draw your first circle starting about 1/4 or 1/2 inch from the top of the page.

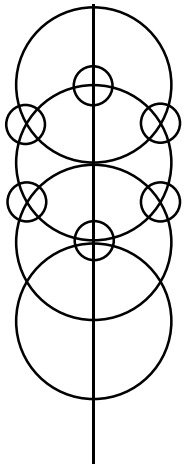

4. Draw three more circles, each overlapping the previous. For each circle, place the foot of the compass at the bottom edge of the previous circle.

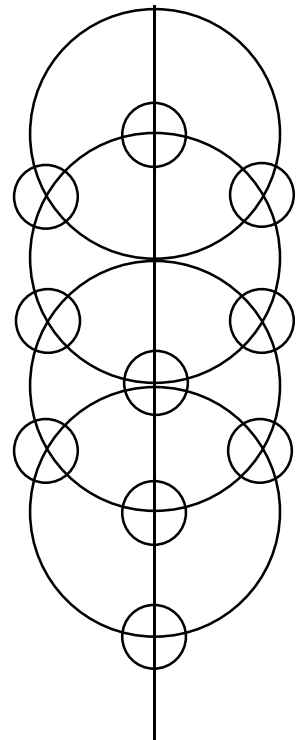

5. You'll have four circles centered along the main line you first drew.

6. Reset your compass to a 1/2 inch radius. Placing the foot of the compass at the center of the first circle, draw a smaller circle.

7. Continue drawing the small circles as indicated in the picture. You will have a smaller circle at almost every place the larger circles intersect each other. This shows 6 smaller circles.

8. This shows all ten small circles on the Tree of Life!
