Number Definitions

There are no set definitions for the meaning of specific digits. Common examples are:

- 1.** (Individual. Aggressor). Yang. Instead: Individual means undividable) Ultra single entity as largest or smallest; identity: All without assertion, truth beyond falsification, absolute, all; manifest, present, thesis
- 2.** (Balance. Union. Receptive). Yin. Duplication: mirror image= false; duplicity, shadow, reflections, presence in absence, true bound by falsification, antithesis.
- 3.** (Communication/interaction. Neutrality.) Synthesis, truth as relative to true and false, the composite first, birth, Formation, idea, word before utterance; inner vision, preproduction.
- 4.** Word as uttered: Creation. Foundation, stability, manifestation, the receptive world. To hear.
- 5.** Action. Restlessness. The cauldron world, life, generation, locomotion, to touch, to feel
- 6.** Reaction/flux. Responsibility. Regeneration; eye to see, to desire, sex, reproduction (3+3)
- 7.** Thought/consciousness, creativity, scent, smell, idea into actuality,
- 8.** Power/sacrifice. Transitory into vision of transience and transcendence. Taste, eat, consume
- 9.** Highest level of change. Awareness, sum of all actions, production, fruits, end of series, self-awareness

THE MASTER NUMBERS – variety of sources on-line

Main reference: [Master Numbers: Cycles of Divine Order](#) by Faith Javane (Whitford Press) “Never before have the master numbers - 11, 22, 33, through 99 - been examined in such depth and detail. Faith Javane, one of the most respected numerologists in the country, reveals the significance of these power indicators, both in our personal lives and in a historical and cosmic sense. She looks at the progression of the master numbers as the journey the soul takes as it seeks to master the different levels of understanding. Javane also analyzes the two single-digit numbers that, when added together, equal a master number, for example $2+9=11$. These numbers within numbers "test" how well we have learned the lessons of the master numbers and whether we are ready to move on to the next level.”

Way shower, leader to the light, whole-brain thinking, quantum spirituality, universal mediator, mental telepathy, clairvoyance, ultimate freedom, ultimate oneness, integral consciousness.

44. OPPORTUNITY. Way of the alchemist. You can create magic all around yourself and others. Opportunities come your way from out of the blue. You have a desire for knowledge and this can lead you into the search for answers to the great mysteries of life. You follow your own path, and are very much the individualist. You have a high standard of mental control and when used for the benefit of mankind, you can create changes in your environment, and perhaps the world. Life at times places more demands on you, as people can expect a lot from you. This may give you the feeling that you are constantly performing for others, and this can lead you to feeling that you are “not good enough”, which is far from the truth.

33. HEALING. The path of healing & one of finding protection for others. You can be a true humanitarian, and enjoy life most when you are helping others. Your giving nature at times, may lead you down a path of caring too much. You feel others pain as Leep as your own and have a strong empathy for others. You enjoy quiet times to yourself away from other people. Nature calls you strongly at times where you may feel the need to put your hands in the dirt to create the grounding that you require. When you are at full strength others feel comfortable around you, and look to you for healing.

You can demonstrate a large degree of self-control, even in the most difficult situations. Travel or thought of travel may interest you greatly. Your originality may at times come into play, when there are problems to be solved, as you see life from “out of the box”. This works well for all concerned. At times you may not know when to stop and this can be your downfall. Yet you recover quickly, and are just as eager to start from scratch, to search for the solution to any problem.
